WORK ON WINDOWS

COURSES

C LANGUAGE

Coursera

June 2020 – July 2020

CPP

Coursera

Aug 2020 – Sep 2020

DATA STRUCTURE

Coursera

Oct 2020 – Nov 2020

WEBDEVELOPMENT

Coursera

Nov 2020 – Jan 2021

PROJECT

- Portfolio .**
In this website I uses html,css,js,django,bootstrap.This website provides whole information for me. [web link.](#)
- COVID19 Tracker.**
This is COVID19 Tracker website, here you can get statewise COVID details which are updated in every hour.Also added search bar where you can search any states for details. Here I have used simple html css,js for Front end and django for backened
- Sorting visualiser .**
In this website I uses html,css,js,bootstrap.In this website you can see how to work sorting algo with time complexity.[web link.](#)

OTHER ACTIVITIES

- STARTED [YOUTUBE CHANNEL \(Coding Technique\).](#)
- CRICKET.
